BYSL Spring Try-out Process

How do Try-outs work? BYSL try-outs are league wide and structured such that the combination of player's preferences and coaches' selections determine where a player will be rostered. This may seem backward compared to the way most sports work. Our philosophy is that kids playing on teams they choose to play instead of on teams where they are told to play keeps the "fun" in the sport, even for the older kids.

Players wishing to join a U-13 or older team must attend try-outs in order to be rostered on a team. Clubs are not allowed to form teams younger than U-13. U11/U12 and younger do not attend tryout, but sign up for spring programs as announced by the directors of those programs.

Try-out Process:

1. All players participating in try-outs must fill out a registration form and it must be signed by a parent or legal guardian. (players that are 18 years of age may sign their own form). Players should show up at try-outs with their signed registration form. This form does not assign them to any particular team. It simply allows them to participate in the try-out process. No fees are paid at this time. At the field where their age group is playing they will find a registration table where they will turn in their form.
2. The player will be assigned a number to wear on their clothing. This number will help the coaches identify players while they are being evaluated.
3. At their assigned fields players will be divided into equal groups. The number of groups will be dependent on the number of coaches in that age group. i.e. two coaches, two groups and so on. Each coach will be assigned a group of players. Each group of players will rotate to each coach. Time with each coach will be dependent upon the number of coaches. Someone at the sign up table will monitor the time.
4. At the end of the first two hour session each player will be asked to complete their coaches preference card. They will be turned in to the registration table and then the players may leave for a break.
5. At the beginning of the second two hour session the coaches will be given the players preference list. The players will be given a second opportunity to evaluate the coaches. Simply a repeat of the morning session. At the end of the second two hour session, the players will have the opportunity to change their coaches preference card before they leave the field.
6. At this point in time, BYSL Rule 6 Selection of Players, sub g, sub 2 is in place.
