1999-2004 Players

Training Session and Tryout Overview

All players are welcome to come to their age groups 2 Hr. Training Session of their choice both Monday and Tuesday. This will give those looking for a new team a chance to participate with a new coach and learn their philosophies and coaching style. They are welcome to attend the with the same coach both days or with a different coach each day.

Wednesday it is mandatory that players come to the Tryouts 30 minutes before their scheduled start time to check in and to submit their coach/team preference card to those checking the players in. They will then attend tryouts with their first and second preference coach for about 1 hr each. Following tryouts they are allowed to come back to the check-in table and modify their preferences if they choose to do so. After that those choices will be considered final until all teams are organized.

Those players not receiving their first preference may be placed on their second preference team. Any player who chooses not to accept their placement or is not place will be refunded their \$40 tryout fee.

2005 Players Tryout Overview

As explained in the President's Message at the beginning of this Issue all 2005 players will have two tryout sessions. They will be conducted by qualified coaches who will not be part of the coaching staff so as to ascertain the best team is picked by talent not by relationship. All efforts will be made to place every player on a team. Any who for whatever reason do not make a team or who choose not play for the team they made will receive a refund of their \$40 tryout fee.
