The late Dean Cook, former President and Coach, started the Odyssey Soccer Club back in the late 90s. Dean wanted to make sure that every kid that wanted to play, had the opportunity to play; regardless of financial status, Sunday availability, or top talent. He always felt that HEART, brought out the best in every player. His absence these past two seasons (spring and fall 2014) has been felt across the board.

We are looking forward to continuing his legacy in the Odyssey Soccer Club. We have some great coaches, that care about the game, the kids, and each other.
